Vote to select 4 new Board Members bringing the Board to 7 Members:

Vote Results:

|                        |                          |
|------------------------|--------------------------|
| Kerri Cobb – 12 votes  | Stacey Hogan – 12 votes  |
| Derek Mews – 10 votes  | Joanne O'Neil – 11 votes |
| Chris Spokes – 9 votes |                          |

**New Board members: Kerri Cobb, Stacey Hogan, Derek Mews, Joanne O'Neil**

## 2021 Auditor

Vote to approve Lorne Jaques as 2021 Auditor

Vote Results: 14 in favour, 0 not in favour – **Motion Carried**

## Home Owners Association

- At the Town Hall meeting it was mentioned about the possible need to create a separate HOA
- In further conversation with the AB Federation of Rural Water Co-ops we do not need to create a separate HOA, the Co-op can do everything.

Should we continue with investigating the acquisition of the common space & roadway?

- Concerns - sale of Barn Dance
  - o New owner could develop Block 4 (triangle greenspace in the middle of lots 24 to 43) and fire-pit area as additional campground
  - o New owner could deny access to use pond
  - o New owner could deny our maintaining of greenspaces & roadway
  - o New owner could enforce Restrictive Covenants
  - o If we wanted to purchase in future, cost may be much more
- Costs:
  - o Purchase price - \$1.00 (Free but legal requirement for a cost)
  - o Survey cost and fees to transfer title: \$13,000 (approx. \$309 / lot)
  - o Ongoing cost estimates
    - Property tax – estimated \$500/yr (approx. \$12 / lot per year)
    - Insurance – less than \$100/yr (approx. \$3 / lot per year)
- Included in negotiations with Trevor (Barn Dance)
  - o Legal easement for access to pond
  - o Maintain pond level (as long as UID has water)

- o Restrictive Covenants transferred to Co-op or removed
- A motion was brought forward to vote on purchasing the Roadway & Common Space, however, in further discussion it was agreed to conduct the vote on whether to continue the investigating of an acquisition and given that this is a significant cost we would email all owners about this item and get a vote from them, despite having a quorum of members in this meeting.

Vote to continue with investigating the acquisition of the common space & roadway?

Vote Results: 14 in favour, 1 not in favour – **Motion Carried**

Should we look to create a Seasonal fee structure?

- An example of a three rate structure (seasonal, non-resident, resident) was presented.
- I would be difficult to police who can or cannot visit their lot
- What about Airbnb/VRBO properties?
- The difference in fees, in the example, from a one fee rate for a seasonal is \$38.

Vote to look into a Fee structure based on usability

Vote Results: 1 in favour, 13 not in favour – **Motion Defeated**

2021 Budget & Fees was presented

- For the Fees, 4 options were given based on whether to include Snow Removal costs and purchasing a new fountain.
- Snow Removal – over the last 2 years we have spent about \$1500 per calendar year. We have a quote from Chris Spokes to provide snow removal for the 21/22 winter season at \$2,000 (we are clarifying details) or we have a contractor out of Pincher Creek @ \$450 per callout, but during a heavy snowfall he may not come for a couple of days. Having a local person is ideal, but there is a concern whether he can handle a heavy snowfall and if not then who is responsible for the additional cost if he has the 'contract'.
- Fountain – cost to purchase a new fountain like the one we had is \$2,200

Vote to select a Budget option.

Vote Results:

- o A – With Snow Removal / with new fountain - 6
- o B – Without Snow Removal / with new fountain - 0
- o C – With Snow Removal / without new fountain - 8
- o D – Without Snow Removal / without new fountain - 1

Budget option C **Carried**

Meeting adjourned: 2:56pm
