WATER CO-OP RESPONSIBILITIES

Water Co-op Responsibilities

Scope of Responsibility

Responsibilities of the Water Co-Op include but are not limited to the following. The Co-Op is run entirely by volunteers and is not a Homeowners Association (HOA).

Water User Agreement

All members are required to follow the terms of the Water User Agreement. Note: there are 9 owners who have not yet signed and returned the Agreement — please watch for the email. Annual fees are voted on at the AGM and cover operating costs including power, insurance, repairs, and the emergency fund.

Infrastructure

The Co-Op is responsible for the maintenance of pipes, pumps, and the cistern. Roadway and common space are owned by the Co-Op.

Snow Removal

Snow removal is managed by the Co-Op because access to the cistern must be maintained at all times throughout the winter months.

GOVERNANCE

Auditor Report

Auditor's Letter — 2024 Financial Statements

Sarah Greer, volunteer auditor for the Mountain Vista Water Cooperative, reviewed the 2024 financial statements and found them to be in order. The reviewed documents were thorough, well organized, and readily accessible. (Sarah Greer, Cabin 32 — April 7, 2025)

Independence

The auditor is not a member of the Board and does not attend Board meetings. They function independently to provide objective assurance to all members of the Co-op.

Annual Review Scope

On a one-time annual basis, the auditor reviews bank statements and invoices to verify where and how funds were spent. They reconcile these with the general ledger and the values reported by the Board, then provide a written report for the AGM.

Regulatory Basis

The auditor's duties are defined under Section 6(1) of the Water Co-operative Bylaws.

ONGOING BUSINESS

Ongoing Business

Water Co-op Contract & Fees

Have you sent in the Water Co-Op Contract and paid your fee? If not, please reach out to the Water Co-Op to get your copy.

Rules & Regulations

Members are reminded of the Co-Op rules and regulations. The Emergency Response Plan remains in place and is available on request.

Cistern Cleaning

The cistern will be cleaned out this spring. Watch for information in May.

Generator for Pump Shack

The generator for the pump shack has been purchased and is to be installed. This will maintain water supply in the event of a power outage.

Drought Conditions

There are currently no water restrictions in effect, but members should watch the County website for updates and any future restrictions.

Irrigation Water

Irrigation water will be turned on by the United Irrigation District (UID) at their discretion. They will not provide advance notice — it is likely to come on around mid-May.

Committee Responsibilities

- Garbage removal — currently have a local person who takes garbage as required and as funds allow
- Lawn maintenance, painting, and maintaining common areas
- Collecting pop bottles and returning them for cash
- Work related to the pond and sports field
- Ideas and thoughts towards improving the community
- Always looking for volunteers and new ideas!

New Business for Discussion

Speeding

Speeding within the community is a concern — discussion on how to address and manage this.

Weeds in Grass

Vote to approve a plan for managing weeds in the grass areas of common space.

Tree Grants

Explore available provincial and municipal tree-planting grants applicable to community green spaces.

Sports Area

Multi-activity poles (volleyball, badminton, tetherball) will be installed this spring in the circular green space. Looking for nets for these activities.

Spring Clean-Up

Coordinating a community spring clean-up — volunteers welcome.

Road Grading

Grading of the road via the County — to be explored and coordinated.

Summer Social Activities

Is the community interested in organized summer events? Ideas include: BBQ / pot luck, Sports Day, and a Water Meet-Up (kayaks, canoe, paddleboard on the pond).
